The origin of Valentine's Day

The origin of Valentine's Day is traced back to the ancient Roman celebration of Lupercalia which was held on February 15. This day honored the gods Lupercus and Faunus, as well as the legendary founders of Rome, Romulus and Remus.

- Girls of medieval times ate bizarre foods on St. Valentine's Day to make them dream of their future husband.
- The name Valentine is derived from a Latin word meaning valor.
- In the United States, 64 percent of men do not make plans in advance for a romantic Valentine's Day with their sweethearts.
- More than 35 million heart-shaped boxes of chocolate will be sold for Valentine's Day.
