### Resident Activities

In response to CDC guidance regarding COVID-19, our community will not be sponsoring resident activities until further notice. To help limit the spread of this disease, please remember to wash your hands with soap and water often, and avoid touching your eyes, nose, and mouth. A great source for further information is cdc.gov (Centers for Disease Control and Protection). We appreciate your cooperation and consideration as we face this highly unusual situation together.

### Resident Referrals

Refer your Family, Friends, and Co-Workers to live at Pointe 400 Luxury Apartments and you will receive up to \$750 for 6-11 month lease or \$1,000 for 12+ month lease off of one month's rent. Stop by our office for details.

### Halloween

Halloween dates back centuries to the Celtic festival Samhain, which was a pagan New Year of sorts celebrated from October 31 to November 1. Celts would celebrate together with feasts, bonfires, and animal sacrifices. Despite being one of the most-hated candies of 2019, since its 1898 invention by then-confectionary company Herman Goelitz, candy corn has been widely produced. Today, nearly 35 million pounds of the stuff is produced each year. From all of the costumes and sweet treats to spooky outdoor decor, Halloween is a big business. So big, in fact, that it's the second-largest commercial holiday in America, with Christmas being the only one to surpass it in sales.
